Dear Clay:

This letter is to inform you and the Board that the earthwork work conducted by Advanced Earthworks at the new landfill site has been completed to my satisfaction and that final payment can be released. I am enclosing three copies of the contractor's final pay request.

I would like to congratulate Advanced Earthworks on their work. They were extremely easy to work with and completed the project on time and on budget with no change orders. I must say that in the 35+ years that I have been involved in construction projects throughout Montana, their work ranks at the top of the list.

I am pleased for the opportunity to work with the Board on the implementation of the new landfill and am looking forward to completion of the building and fencing in the upcoming months. If you have any questions, please do not hesitate to call me.

Very truly yours,
BARRY DAMSCHEN CONSULTING, LLC
